Tennessee Code Annotated, Section 62-13-303 and Section 62-13-312 provide in part that the Commission may deny a license to an applicant who has a prior criminal conviction(s) and/or a disciplinary sanction(s) imposed by an occupational licensing body.

Have you taken the exam for licensure? ☐ Yes ☐ No (If yes, see a, if no, see b)

- a. You must answer all parts to this questionnaire and submit all required documentation. Applicants with a felony conviction or a misdemeanor conviction involving the theft of money, property or services must appear before the Commission to be considered for licensure. If it is determined that you must appear before the Commission, your Principal Broker will need to accompany you. You will be contacted to schedule an appearance.

- b. You must answer all parts to this questionnaire and submit all required documentation. Because of the time and expense involved in becoming an applicant for licensure, the Commission affords an individual who has not yet become an applicant the opportunity to request that the Commission make a preliminary decision on the conviction(s) or the prior disciplinary sanction(s) before the individual takes the required education and examination for license. The purpose of a preliminary decision is merely to provide advisory guidance. However, the Commission may elect to allow a favorable preliminary decision to become its final decision without further investigation or hearing when the individual becomes an applicant for licensure. Applicants with a felony conviction or a misdemeanor conviction involving the theft of money, property or services must appear before the Commission to be considered for licensure. If it is determined that you must appear before the Commission, your Principal Broker will need to accompany you. You will be contacted to schedule an appearance.

REQUIRED ATTACHMENTS

1. An individual seeking a preliminary decision must submit to the Commission a certified copy of the court disposition for the conviction(s) and/or a copy of the paperwork for disciplinary related sanctions imposed by another licensing regulatory authority. It must show the exact charge, judgment rendered, sentence or penalty and end of any probationary period. You must provide a current TBI/FBI Report. The cost is \$42.00 and the report may be secured by contacting the Identogo at 855-226-2937 or www.identogo.com. If the court disposition is unavailable, you must provide a letter from the court stating that the documents are not available. An individual may also provide the Commission with any additional information that the individual believes may assist the Commission in rendering a preliminary decision

The Commission cannot begin its processing of your application until it receives all of the above items. The Commission will notify you of its decision when its investigative process is completed.
